## **Our Three-Year Safeguarding Strategy**

Stevenage Football Club's Three Safeguarding Strategy runs from the period of July 2019 to June 2021 and seeks to embed safeguarding throughout all areas of the Club. The Club seeks to achieve this through implementing a preventative strategy whereby its policies and procedures are used by all stakeholders on a daily basis.

"There can be no safe sport in an unsafe society: expecting sport to be held to a higher standard than the political, social and cultural environment in which it operates is a forlorn hope." <sup>1</sup>

The Club can however reduce risks, learn from previous case reviews and investigations, and drive change at all levels. As a Club we will leave no stone unturned in relation to developing our approach to safeguarding. We will do everything within our power to prevent harm and abuse from happening within all areas of the Club, and when allegations and disclosures occur, we will respond quickly, appropriately and effectively in order to safeguard those in our care.

1.3 Continue to develop robust procedures in relation to safer recruitment and selection of all staff and volunteers within our club.

1.4 Through the work of the Club, its Academy and Foundation develop and enhance opportunities and activities which equip young people to stay safe, and that encourage self-motivation, self-esteem and build emotional resilience.

1.1	Robust leadership across the organisation. All activity contributes to safeguarding and is everyone's business regardless of role and responsibility.	Safeguarding to be implicit throughout all Club, Academy and Foundation documentation, employee contracts and codes of conduct and behaviour.
1.2	Transparent and accountable governance arrangements and organisational structures in relation to safeguarding.	Named personnel within the Club to include a Board member, Senior Manager and Designated Safeguarding Officer who are responsible for safeguarding within the Club. Names and contact details of these individuals must be published on every club website, and clear procedures for escalating concerns relating to safeguarding and whistleblowing made available and understood by all staff and stakeholders.
1.3	Continue to develop robust procedures in relation to safer recruitment and selection.	Ensure the Club has an established recruitment and selection procedure and HR process that seeks to identify individuals who are unsuitable to work with children, young people and adults at risk.
1.4	Through the work of the Club, its Academy and Foundation develop and enhance opportunities and activities which equip young people to stay safe, and that encourage self-motivation, self-esteem and builds emotional resilience.	Work alongside the Academy and the Foundation on existing and new projects that enable young people to recognise harm and abuse. Look at targeted work in areas of prevalence for CSE, radicalisation, and online abuse. Build self-esteem and emotional resilience in vulnerable children, young people and adults at risk through the power of sport.
